Re: Scholarship announcement from the German Academic Exchange Service (DAAD) for Indonesian higher education graduates and scientists from all academic disciplines for the academic year 2011/2012

Dear Sir,

I have the pleasure to inform you about the latest DAAD Scholarship Program for excellently qualified Ph.D.candidates from Indonesian universities/research institutes for degree programs at German universities. Long-term scholarships are available for all academic disciplines which are offered at state or state-recognized institutions of higher education.

The **application deadline** for the long-term scholarship programs is **15 October 2010**. For the short-term scholarship programs there are **two deadlines**, i.e. **15 October 2010** and **15 April 2011**.

Since 2008 there is NO AGE LIMIT applied for this scholarship. The age limits are replaced by the rule that the S2/Master's degree should have been completed not longer than **six years ago**. Attached you will find some leaflets for further information. We would be most grateful if you could transmit the attached information to colleagues and appropriate candidates. Should you have any further inquiries, please do not hesitate to contact us. Interested candidates may visit our office for counseling in the DAAD visiting hours, Monday to Thursday, 1:30 until 4:00 pm. The information on our scholarship programs are also available on our website <http://jakarta.daad.de> sub link "Scholarship".

Sincerely yours,

Dr. Helmut Buchholt
-Director-
